DECLARATION OF SANDRA TAMEZ

I, Sandra Tamez, declare the following under penalties of perjury:

1. I am over 18 years of age and competent to give this declaration. This declaration is based on my personal knowledge, information, and belief.

2. I am the Executive Director of the San Antonio Fair Housing Council, Inc., d/b/a Fair Housing Council of South Texas (“FHCST”), a non-profit organization located in San Antonio, Texas. I have been FHCST’s executive director for 24 years.
3. The Fair Housing Council of South Texas’s mission is to promote equitable housing opportunities, engage in efforts to address discriminatory housing practices, and advocate for open, accessible, and inclusive communities across South Texas. For almost 30 years, FHCST has worked to address discriminatory housing practices in the areas of rental housing, real estate sales, mortgage lending, homeowners’ insurance, home appraisals, zoning, and land use.
4. The Fair Housing Council of South Texas was founded in September of 1996 through grant funding under the Fair Housing Initiatives Program (“FHIP”) awarded by the United States Department of Housing and Urban Development (“HUD”).
5. In furtherance of its mission to promote equitable housing opportunities, FHCST engages in certain core activities designed to prevent housing discrimination in its community.
6. FHCST provides free services to housing consumers who believe they may be experiencing discrimination. We conduct interviews of consumers to determine the type of housing problem they are experiencing and the type of assistance we can provide, counsel consumers about their rights and next steps, and provide them with appropriate referrals as necessary. If we determine that the consumer has a fair housing issue with which we can provide assistance, we conduct an intake of their complaint, conduct any appropriate investigation of that complaint, submit requests on behalf of these consumers to housing providers in efforts to resolve their complaint, and engage in mediation efforts to try to resolve the matter between the parties involved.

7. Much of our work is with clients with physical or mental disabilities. We submit reasonable accommodation or reasonable modification requests to housing providers requesting changes in their rules, policies, practices, services, or the dwelling structure itself in order to make housing more accessible and suitable for them due to their disability or the disability of their spouse, child, or other household member. If we are unable to resolve the complaint through our staff's efforts, then we assist consumers with filing administrative housing discrimination complaints with HUD and provide FHIP representation, assistance, and advocacy throughout the HUD administrative complaint process.
8. On average over the last four years, FHCST has provided counseling services to approximately 1,400 individuals per year, with about 60% involving people with disabilities, opened around 450 housing discrimination complaints per year, and submitted about 175 reasonable accommodation or modification requests to housing providers on behalf of clients with disabilities per year. Currently, we currently have about 260 clients who we are actively assisting in this capacity.
9. Our clients come from 37 South Texas counties. Many are from communities that are oftentimes overlooked and underserved: the elderly, people with disabilities, and survivors of domestic violence, to name a few.
10. We are the premier organization in South Texas providing advice and guidance about the fair housing laws. We have particular expertise working with people with disabilities who have rights under the reasonable accommodation and reasonable modification provisions of the Fair Housing Act. When other organizations hear of individuals who are facing

housing instability or need help aging in place or otherwise staying in their homes, they often refer the individuals to our organization for help.

11. FHCST also conducts systemic testing to uncover more invidious discrimination. As South Texas's go-to resource for fair housing issues, we often hear from community members about systemic housing issues that reduce the area's housing stock. We are able to design and execute tests to assess whether there is discrimination at play, and if there is, we develop the case and help vindicate the rights of those harmed. This past year, we have been conducting testing related to disability discrimination in housing as it relates to accessibility requirements and granting reasonable accommodations requests and reasonable modification requests for persons with disabilities.

12. FHCST also educates the community about housing discrimination. Housing discrimination can take many forms, and many people in the community—including, for example, landlords, real estate agents, or other people in the housing industry—have questions about what they can or cannot do under the fair housing laws. To fulfill its mission of eliminating housing discrimination, we conduct outreach all over our service area and educate community members on the fair housing laws. In 2024, we held more than 25 trainings and meetings for community members and partner organizations.

13. Our fair housing work has an excellent reputation at HUD with a track record for achieving effective, efficient results. HUD often refers staff from other FHIP organizations in Region VI to contact me to receive guidance on conducting fair housing activities, performing grant reporting, etc. HUD has complimented me on my deliverables, characterizing them as “always perfectly organized.” Indeed, for at least the

past four years, HUD has given FHCST exclusively “excellent” ratings during our assessment reviews.

14. In fact, as recent as February 5, 2025, our HUD representative sent an email to eight organizations in our Region requiring them to use logs that I created in order to report their grant activities moving forward.

FHIP Grants and FHCST's Funding

15. We are a small organization with an annual budget around \$500,000. Prior to the grant terminations, FHCST had four full-time staff, three part-time staff, and three per diem staff. We receive some funding from the City of San Antonio to conduct certain trainings and activities, but the vast majority of our funding is from HUD.

16. In 2024, FHCST received a Private Enforcement Initiative (“PEI”) Grant from HUD. The grant (FPEI230123) provided FHCST with \$425,000 per year for 3 years (totaling \$1,275,000), payable in 12 installments to execute a full-range, broad-based fair housing enforcement program. The next installment would have been scheduled for payment on or about March 14, 2025.

17. This is the only HUD Grant we have. Approximately 85% of our annual budget is supported by this grant alone.

18. Attached as Exhibit A to this Declaration is the Signed Contract (HUD 1044 Form) as well as Attachments A (Schedule of Articles) and Attachment B (Addendum to the Schedule of Articles) for the PEI grant.

19. HUD’s PEI Grants support fair housing work without limitation to its subject matter: they support enforcement, education, and outreach activities to prevent or eliminate any discriminatory housing practices not allowed under the Fair Housing Act.

20. We have been a recipient of the PEI grant for over 25 years. Under our grant, we were tasked with providing guidance and counseling on discriminatory housing practices to the public; conducting complaint intakes and investigations; submitting reasonable accommodation and/or modification requests to housing providers on behalf of clients with disabilities; engaging in mediation efforts to resolve complaints; assisting victims of housing discrimination file administrative complaints with HUD and assisting them throughout the administrative complaint process; building and maintaining a robust testing program and conducting complaint-based systemic testing investigations; and providing broad outreach and education services to individuals in protected classes as well as to housing providers and professionals.

21. Under the grant, our staff have successfully advocated for victims of domestic violence, including a recent asylee from Ukraine and her children. On the victim's behalf, the FHCST staff drafted and submitted a request with the necessary supporting documentation to her apartment management asking for the victim to be released from her lease early without penalty since she and her children had been the victims of domestic violence by her ex-fiancé, who also resided in the apartment, had threatened to harm her and her children on multiple occasions, and attempted to rape her. Due to FHCST's advocacy services, the victim and her children were able to immediately move out of their rental unit without penalty and secure alternate housing safely away from their abuser.

22. We also regularly represent and advocate for people with disabilities through the grant. Our staff have successfully advocated for persons with disabilities with regard to obtaining both reasonable structural modifications to dwelling units and with regard to

obtaining reasonable accommodations in a housing provider's rules, policies, practices, or services. For example, the FHCST staff have successfully advocated for a disabled woman who needed a walk-in shower installed in her bathroom instead of her bathtub due to her mobility impairment, which made her severely struggle getting in and out of her existing bathtub safely without the risk of falling and injuring herself. On the woman's behalf, the FHCST staff drafted and submitted a request with the necessary supporting documentation to her apartment management asking that the property owner to pay for and install a walk-in shower. Due to FHCST's advocacy services, the disabled woman was able to obtain the modification to her apartment and safely bathe on a regular basis without the constant risk of injury.

23. To date, FHCST has received two payments pursuant to the PEI grant. We have never received any communication from HUD that our performance or compliance with the terms and conditions of the grant was anything less than satisfactory. In fact, HUD has regularly graded our performance to date on the PEI grant as "Excellent."
24. Based on our reliance and expectations regarding our HUD grant period, we hired three new staff members with a start date of January 22, 2025. Of these new hires, one hire was for a full-time Fair Housing Specialist position while two hires were for part-time Intake Specialists positions. All new employees supported our core activities of counseling, advocacy, and investigation.
25. In addition, we entered into a new contract for a cloud-based telephone system with the addition of extra phone lines to accommodate these newly hired staff members, renewed our lease for a Pitney Bowes postage meter machine, purchased various supplies, etc.

26. Some portion of the PEI grant has been paid out. However, the remaining balance of the award for the first year of the grant is about \$212,500, or 50% of the award. We were also anticipating an additional \$850,000 for Years 2 and 3 of the grant.

The February 27 Termination Notice

27. On February 27, 2025, FHCST received a Termination Notice from HUD informing it of HUD's intent to terminate its PEI grant effective immediately.

28. The Termination Notice gave the following basis for termination: that it "no longer effectuates the program goals or agency priorities." The Termination Notice is attached as Exhibit B to this Declaration.

29. The Termination Notice was issued "at the direction of the President of the United States, United States pursuant to the Executive Order 14158, 'Establishing and Implementing the President's "Department of Government Efficiency"', and at the direction of said Department of Government Efficiency (DOGE)."

30. The Termination Notice terminates the remaining balance of the award and instructs that "all obligations and activities under [grant] will cease" effective that day, February 27, 2025.

Harm to FHCST's Work

31. The Termination Notice has had immediate impact on FHCST's ability to serve its community.

32. We immediately had to lay off four of our permanent staff members and three of our per diem staff members. We are no longer able to support the salary of one full-time Fair Housing Specialist and three part-time Intake Specialists.

33. Due to this round of layoffs, we will need to abandon assisting thirty-seven alleged victims of discrimination who have already contacted us since November 2024 to seek our FHIP representation, investigation, and assistance with filing their administrative housing discrimination complaints with HUD.

34. For example, we represent a client who alleges that her apartment management failed to take action to investigate or stop the sexual harassment she suffered by a maintenance man working at the property. Our client informed management that the maintenance man created a hostile living environment for her by making sexual gestures and comments to her, peeking into her apartment windows, and suggesting that she work for him as a prostitute. Absent funding, we will be unable to take on her case for full representation.

35. In addition, in this round of layoffs, we have eliminated all of the staff who previously conducted FHCST's housing counseling, referrals, and complaint intakes. The current plan is for the remaining three staff members to divert their time so that we can continue to provide housing counseling and referrals to the public. As the go-to resource of victims of housing discrimination, we believe it is critical for us to provide direct services to our South Texas community, so we will conduct housing counseling, referrals, complaint intakes, and advocacy for as long as we can. However, due to the limitations on the remaining staff members, we will only be able to complete complaint intakes and conduct victim advocacy on a more restrictive basis.

36. There is no doubt that our ability to advocate for individuals is immediately diminished. For example, due to the HUD grant termination, we will need to change our policy and practices regarding the submission of reasonable accommodation requests to housing providers regarding expediting the repair of health and safety issues in a disabled

person's dwelling unit which are negatively impacting their physical or mental disabilities. Due to the HUD grant termination, we will now require the supporting medical documentation to be acquired first before our staff can advocate for them and submit the request on their behalf. Thus, based on our previous year's workload, we estimated that about ninety disabled consumers who seek our assistance this year with submitting a reasonable accommodation request to their landlord, apartment management, Housing Authority, etc. in order to obtain expedited repairs to address health and safety issues in their rental units will either not receive assistance due to their lack of supporting medical documentation or experience an immediate delay in receiving assistance due to their need to obtain the documentation first.

37. Furthermore, because our remaining staff will be diverted to conducting housing counseling, referral, and limited complaint intakes and victim advocacy, this will reduce their ability to work on other core activities, including providing FHIP representation during the HUD administrative complaint process; conducting testing activities of the housing industry; performing systemic investigations of housing discrimination; conducting education and outreach activities; engaging in activities to advance fair housing policy and research; and providing consulting and technical assistance to housing providers, Public Housing Authorities, government agencies, housing advocates, civil rights organizations, health science centers, healthcare service providers, etc.

38. Our testing initiatives had previously been fully supported by our HUD grant. Due to the HUD grant termination, we will have to abandon seven existing systemic investigations, including investigations related to discriminatory treatment due to a person's race, religion, and limited English proficiency; refusal to rent to families with children; denials

of reasonable accommodation requests related to disability-related assistance animals; and denials of reasonable structural modification requests from persons who need the structural modifications due to their disabilities. These initiatives resulted from individual complaints we had received from housing consumers that we needed to investigate further. The termination of these initiatives is untimely and inefficient: we were midstream in our work, having already incurred costs as part of our investigation and having put potential defendants on notice of the possible violations. Absent funding, the potential housing discrimination will persist unabated.

39. Furthermore, we will need to abandon in-person participation at eleven community events, four of which were slated for Fair Housing Month in April, where staff would have provided housing counseling, referrals, and complaint intake services to hundreds of attendees. We had planned to attend events including the SA Hope Center's Resource Fair planned for March 21, 2025, the Presa Community Center's Health, Wellness, & Nutrition Resource Fair planned for March 28, 2025, the Empower House's Fiesta Resource Fair planned for April 5, 2025, and the HUG ME Ink's Eggstravaganza Event & Resource Fair planned for April 19, 2025. We will also need to abandon our remaining planned education and outreach activities under the grant which includes direct mailing of educational materials to about 1,875 underserved households and two outreach activities aimed to organizations addressing homelessness issues.
40. We currently have some limited reserves (approximately \$130,000) to support the continued employment of three staff members, but if our grants are not reinstated in 6 months, FHCST may have to close our doors completely.

41. The cancellation of HUD's grants has caused substantial chaos and confusion at FHCST.

This mass stoppage and slowdown of work has perceptibly impaired FHCST's core activities, including its direct advocacy for victims, its housing counseling, its education and outreach, and its testing initiatives. Because these core programs and activities further FHCST's mission, the termination of FHIP grant funds undermines FHCST's mission, which includes furthering the purposes of the Fair Housing Act.

42. The injuries suffered by FHCST are ongoing and will persist without relief from this Court.

I declare under penalty of perjury that the foregoing is true and correct.

2. SCOPE OF WORK (FIXED PRICE)

The grantee shall furnish the necessary personnel, materials, services, equipment, facilities, (except as otherwise specified herein) and otherwise do all things necessary for or incidental to the performance of the work set forth in the Statement of Work (also known as the Work Management Plan) for the firm fixed price set forth herein.

3. PERIOD OF PERFORMANCE

The grantee shall provide all services hereunder for a period of time, which is stated in the Form HUD-1044, Assistance Award/Amendment - (Form HUD-1044). This time period is referred to as the period of performance (PoP) and is included in Box 16 of the 1044. The PoP is defined in 2 CFR §200.1 (2 CFR 200.1 Definitions) as the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award.

The definitions in 2 CFR 200 also define period of performance as the total estimated time interval between the start of an initial Federal award and the planned end date, which may include one or more funded portions, or budget periods. Identification of the period of performance in the Federal award per § 200.211(b)(5) does not commit the awarding agency to fund the award beyond the currently approved budget period.

Note that the FHIP program requires that grantees obtain prior HUD approval for any proposed extensions of the Period of Performance as a condition of the grant award as permitted by 2 CFR 200.308(e)(2)(i). For reference only, federal agency approved modifications to the Period of Performance are covered in 2 CFR § 200.309. 4. POST-AWARD AMENDMENTS

Post-award, this grant may be amended or modified by a written amendment to extend the period of performance or modify the scope of work and/or budget. Amendments which reflect the rights and obligations of either party shall be executed by both HUD (the Grant Officer) and the grantee. Requests for amendments which affect the length of time or scope of the project being undertaken must be accompanied by a written justification.

As indicated, extensions and budget or scope of work modifications must be approved in advance by the Department. Per 2 CFR 200.309, ([2 CFR 200.309](#)) if HUD approves an extension, the Period of Performance will be amended to end at the completion date stated in the extension. If a termination occurs, the Period of Performance will be amended to end on the effective date of

termination.

Per 2 CFR 200.308(c) grantees must request prior approval from the FHIP Grant Officer for the following program or budget-related reasons:

- (1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).
- (2) Change in a key person specified in the application or the Federal award.
- (3) The disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director.
- (4) The inclusion, unless waived by the Federal awarding agency, of costs that require prior approval in accordance with subpart E of 2 CFR 200 (Cost Principles) as applicable. These pre-approved costs include (only if applicable), but are not limited to constraints on faculty member salaries, limits on severance pay, costs of membership in any civic or community organization, organizational costs related to establishment or reorganization, participant support costs (direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences, or training projects), facility alterations, selling and marketing any products or services of the non-Federal entity, use of foreign government tax refunds, and travel costs for dependents for extended travel periods.
- (5) Unless described in the application and funded in the approved Federal awards, the sub-awarding, transferring or contracting out of any work under a Federal award, including fixed amount subawards as described in § 200.333. This provision does not apply to the acquisition of supplies, material, equipment, or general support services.
- (6) Changes in the Budget - Under §2 CFR 200.308 Revision of Budget and Program Plans, optional requirements are outlined regarding budgetary revisions. Accordingly, grantees are required to do the following:
 - a. Request prior approval from the Grant Officer for appropriate transfer between direct and indirect categories of the grant budget in all instances; and
 - b. Request prior approval from the Grant Officer regarding transfers of funds among direct cost categories when the total FHIP grant award amount (e. g., the Federal share) exceeds \$250,000 and the cumulative transfers of funds are expected to exceed 10 percent of the total budget. If the grant award amount is less than \$250,000 and the

transfer is less than 10% of the total budget, prior approval is not required. However, the grantee must notify the GTR of all changes prior to execution of the changes.

- c. When applicable under 6(a) and 6(b), submit advanced written requests and justifications for such transfers, including amounts and categories, and confirmation that funds will not be used for purposes inconsistent with appropriations requirements. Any such transfers must be accompanied by an explanation of whether and how the Statement of Work (SOW) is impacted. Changes to SOWs also require prior approval by the Grant Officer in accordance with 200.308(c)(1) above.
- d. All changes to Budget that exceed 10 percent of the award and/or changes to the SOW must be incorporated by an amendment to the grant agreement.

Administrative amendments, such as changes in appropriation data, may be issued unilaterally by the Grant Officer. Also, HUD reserves the right to review and revise the budgets for grants, where appropriate.

5. INSPECTION AND ACCEPTANCE

Inspection and acceptance of all but the final products may be accomplished by the Government Technical Monitors (GTM), if so delegated. Final acceptance shall be accomplished by the Government Technical Representative (GTR).

6. CONDUCT OF WORK

- a. During the effective period of this grant, the Government Technical Representative and/or the Government Technical Monitor identified in Block 9 of the Form HUD-1044 cover page shall be responsible for monitoring the technical effort of the grantee unless the grantee is notified in writing by the Grant Officer of a replacement.
- b. Only the Grant Officer has the authority to authorize deviations from this grant, including deviations from the Statement of Work. In the event the grantee does deviate without written approval of the Grant Officer, such deviation shall be at the risk of, and any costs related thereto, shall be borne by the grantee.
- c. The grantee shall submit two copies of all quarterly performance reports, final reports and all deliverables to the GTR and GTM listed in Block 9 of the HUD-1044 in accordance with the SOW.
- d. Between the required performance reporting dates, events may occur that have significant impact upon the project or program. In such instances, the grantee shall inform the GTR and the Grant Officer as soon as the following types of conditions become known:

ATTACHMENT A

(1) Problems, delays, or adverse conditions that will materially affect the ability **of the grantee** to attain program objectives, prevent the meeting of the time schedules and goals, or preclude the attainment of project work units by established time periods. This disclosure shall be accompanied by a statement of the action taken, or contemplated, and any HUD assistance needed to resolve the situation.

(2) Favorable developments or events that enable time schedules to be met sooner than anticipated or more work units to be produced than originally projected.

See 2 CFR 200.301 ([2 CFR 200.301](#)) for more on Performance Measurement.

7. INSTRUMENT AMOUNT AND ELECTRONIC PAYMENTS

- a. HUD shall pay the grantee for performance of this grant the firm award amount identified in Block 14 of the HUD-1044 based on acceptance and approval of negotiated deliverables.
- b. The grantee agrees to provide a detailed breakdown of federal costs, as well as in-kind costs, identified in the negotiated budget on a quarterly basis. The grantee shall account for both the federal costs and the in-kind contribution costs on Standard Form (SF) 425 ([SF-425](#)).

In addition, the grantee shall provide an attachment to Item 12, SF-425, to show a detailed breakdown of cost(s) claimed for the payment period as well as a narrative explanation (see 2 CFR, Part [§200.302](#) (Financial Management); and [§200.328](#) (Financial Reporting)). Failure by the grantee to ensure the full in-kind contribution identified as utilized for this project, may result in the grantee receiving less than favorable assessment in the evaluation of its performance, at close out, or on future FHIP competitions.

- c. Payment will be made after acceptance of the completed projects or tasks by the Government Technical Representative (GTR) in consultation with the Government Technical Monitor (GTM). Provided that the grantee is in compliance with all other terms of the grant, the grantee shall be paid in accordance with the final, negotiated grant agreement (see 2 CFR§200.305, [2 CFR 200.305](#)).
- d. Payments are made through HUD's Line of Credit Control System (eLOCCS). ELOCCS uses a computer software program which ensures that requested payments do not exceed the amount authorized to the grantee. All payments are certified by HUD and forwarded to Treasury for processing. Each day eLOCCS generates a payment tape for the Department of the Treasury which disburses the payments via the Automated Clearing House (ACH) Payment System via a Treasury Voucher Schedule.
- e. The grantee shall submit the request for payment directly into the automated payment system

(eLOCCS). The payment request shall be supported by a detailed breakdown of the cost(s) claimed as previously submitted on a quarterly basis on the SF-425. The payment process is activated via computer. To have access to eLOCCS the grantee must obtain a Security ID and Password from HUD's LOCCS Security Officer and complete form HUD-27054E (12/23 version as of this update to Schedule of Articles). In order to assure proper payment, it is important that the payment amount requested online is in accordance with the payment amount authorized for approval by the GTR. Find more information at:

2. https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCS_Approving_Official_Recertification_Guide-Sept_2022.pdf
- f. Before receiving funds from eLOCCS, the grantee must designate a financial institution for HUD to make direct deposit payments through the ACH system. The grantee's authorized officials must complete SF-1199A, Direct Deposit Sign-up. Note there are two options for the grantee to transmit the SF-1199A to the Fort Worth Accounting Center (FWAC). Option 2 is preferred.

1. The grantee may send physical copies of the SF-1199A form and supporting documents (e.g. voided check) to:

U.S. Department of Housing and Urban Development
 CFO Accounting Operations Center
 307 W. 7th St.
 Suite 1000
 Fort Worth, TX 76102

2. For electronic submissions, the Form SF-1199A and any supporting documents must be submitted to the HUD programmatic representative (GTR) for review and processing. Only HUD staff are permitted to send direct deposit documents to the FWAC electronically.

In the event the grantee, during the performance of this grant, elects to designate a different bank account or financial institution for the receipt of payments a new SF-1199A must be completed and submitted as previously indicated. The grantee is responsible for ensuring that the GTR is apprised of any change(s).

8. LIMITATION ON CONSULTANT PAYMENTS

As required by HUD's Appropriations Act, salary payments to consultants under this instrument **shall not exceed the equivalent of the maximum daily rate paid to GS 15 Step 10 daily rate (locality pay will not be included – see [General Schedule \(GS\) Base Pay Scale for 2023 \(federalpay.org\)](#)**). This limitation refers to consultants hired through the grantee's personnel system, but not to consultants who perform as independent contractors (see Attachment B, **Addendum** to the Schedule of Articles). For rates exceeding the above-referenced daily maximum, or to waive the use of a consultant prior approval be requested and secured from the Grant Officer.

9. KEY PERSONNEL

The personnel specified in Form HUD-1044, the Statement of Work, and Attachments are considered to be essential to the work being performed hereunder.

Prior to replacing or diverting any of the specified individuals to other work, the grantee shall notify the GTR reasonably in advance and shall submit written justification (including proposed hires or substitutions) in sufficient detail to permit evaluation of the impact on the work effort. No replacement or diversion shall be made by the grantee without the written consent of the Grant Officer.

The grantee is required to allow HUD access to personnel and pertinent personnel records or information for any staff that receive salary or other payments under the FHIP grant. The grantee is required to inform HUD if any of its key personnel are or have been convicted of a felony or other crime involving fraud or perjury. The grantee is required to maintain personnel records for a period of no less than three years. (2 CFR §200.201(b)(5) - [2 CFR 200.201\(b\)\(5\)](#)). See also 2 CFR §200.334 – [2 CFR 200.334](#).

10. CODE OF CONDUCT

Entities subject to 2 CFR Part 200 (most nonprofit organizations and State, local and tribal governments or government agencies or instrumentalities who receive Federal awards of financial assistance) are required to develop and maintain a written code of conduct (see [§2 CFR 200.112](#) on Conflict of Interest, [§2 CFR 200.318](#) on General Procurement Standards, - and [§2 CFR 200.113](#) on Mandatory Disclosures. Consistent with regulations governing specific programs, your code of conduct must: prohibit real and apparent conflicts of interest that may arise among officers, employees, or agents; prohibit the solicitation and acceptance of gifts or gratuities by your officers,

employees, and agents for their personal benefit in excess of minimal value; and outline administrative and disciplinary actions available to remedy violations of such standards. **All grantees must submit a copy of their code of conduct to HUD.** See more information on HUD's Grants Management and Oversight Division (GMO) page at [Code of Conduct for HUD Grant Programs | HUD.gov / U.S. Department of Housing and Urban Development \(HUD\)](https://www.hud.gov/program-information/code-of-conduct-for-hud-grant-programs).

11. PUBLICATIONS AND NEWS RELEASES

a. **Definition.** For the purpose of this clause, "publication" includes:

- (1) Any document, audio, or video materials containing information for public consumption; or
- (2) The act of, or any act which may result in, disclosing information to the public.

b. The results of this program are planned to be made available to the public through dedication, assignment by HUD, or such other means as the Secretary shall determine.

c. **Government Ownership of Official Products of Work.** All interim and final reports and information, data analyses, special methodology, findings, and their related documents and work products, including reports, work sheets, survey instruments, computer tapes, audio or video materials, and any other physical materials and products produced directly under the Statement of Work of this grant are considered Official Products of Work, owned by the Government and held for the benefit of the public.

d. **Publication of Official Products of Work.** Official Products of Work, quotations there from, para-phrasing, or disclosures of interim findings may not be published without the approval of the GTR for a period of sixty (60) days after acceptance of the product by the GTR. Thereafter, the grantee shall be free to publish without HUD approval.

e. **Acknowledgment and Disclaimer.** All Official Products of Work, or any part thereof, and any Independent Products and Special Products arising out of this instrument, when published by the grantee or other participants in the work, shall contain the following acknowledgment and disclaimer:

"The work that provided the basis for this publication was supported by funding under a grant with the U.S. Department of Housing and Urban Development. The substance and findings of the work are dedicated to the public. The author and publisher are solely responsible for the accuracy of the statements and interpretations contained in this publication. Such interpretations do not necessarily reflect the views of the Federal Government."

announcements, and other planned, written issuances containing news or information concerning this grant that may be made by the grantee or its staff, or any subcontractor or other person or organization participating in the work of this grant shall be provided to the GTR at the earliest possible time in advance of any public announcement. News releases and other public announcements may not disclose any interim finding or quote or paraphrase any part of any Official Product of Work without complying with paragraph e. above.

g. Copyrights. Provisions found at [2 CFR 200.1 \(Definitions\)](#), [§200.315 \(Intangible Property\)](#), and [§200.448 \(Intellectual Property\)](#), shall apply to all FHIP recipients. Specifically, the Federal awarding agency reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes: (i) the copyright in any work developed under a grant, subgrant, or contract under a grant or sub-grant; and (ii) any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support. Notwithstanding this paragraph, HUD reserves the right to reproduce, publish or otherwise use such work for Federal purposes.

h. Publication and Printing Costs

See [§2 CFR 200.461](#) for the following provisions concerning publication and printing costs:

- (a) Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular cost objective, they should be allocated as indirect costs to all benefiting activities of the non-Federal entity.
- (b) Page charges for professional journal publications are allowable where:
 - (1) The publications report work supported by the Federal Government; and
 - (2) The charges are levied impartially on all items published by the journal, whether or not under a Federal award.
 - (3) The non-Federal entity may charge the Federal award during closeout for the costs of publication or sharing of research results if the costs are not incurred during the period of performance of the Federal award. If charged to the award, these costs must be charged to the final budget period of the award, unless otherwise specified by the Federal awarding agency.

12. REPRODUCTION OF REPORTS

In accordance with Government Printing and Binding Regulations, reproduction of reports, data or

other written materials intended for submission to HUD for Government use, if required herein, is authorized provided that the materials produced do not exceed 5,000 production units of any page and the items consisting of multiple pages do not exceed 25,000 production units in the aggregate.

The above limitations do not apply to the reproduction of materials intended for distribution by the grantee to non-Federal Government sources in accordance with the terms of this grant.

13. EQUIPMENT AND PROPERTY

[§2 CFR 200.1 Definitions](#) contains the following:

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000.

See also the definitions of *capital assets, computing devices, general purpose equipment, information technology systems, special purpose equipment, and supplies* in this section.

Personal property means property other than real property. It may be tangible, having physical existence, or intangible.

Real Property means land, including land improvements, structures and appurtenances thereto, but excludes moveable machinery and equipment.

Equipment. Any equipment acquired for the performance of this grant is identified in the final negotiated budget for this grant. See [§2 CFR 200.313 \(Equipment\)](#) within [\(2 CFR 200 Subpart D\)](#) for property standards that govern equipment, including physical inventories and safeguards, allowable uses, disposition and whether title vests with the non-federal entity or the Government. See also [\(§2 CFR 200.439\) on Equipment and Capital Expenditures.](#)

Property in excess of \$5,000 must be accounted for by the grantee. However, all property must be accounted for by the grantee at closeout of the grant. Equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further responsibility to the Federal awarding agency.

Grantees must also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, provided that such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use must be given to other programs or projects supported by HUD, which financed the equipment and second preference must be given to programs or projects under Federal awards from other Federal

awarding agencies. Use for non-federally-funded programs or projects is also permissible. User fees should be considered if appropriate.

When no longer needed for the original program or project, equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority:

When the period of performance for the grant has ended, , the Grant Officer will provide the grantee with instructions concerning the disposition of the inventory of equipment, for all equipment, for which the title is vested in the government, if appropriate.

Equipment and other capital expenditures are not allowable as indirect costs.

14. COLLECTION OF DATA

Collection of data from ten or more respondents and sponsored by HUD shall be subject to the Paperwork Reduction Act (44 U.S.C. 3501 – 3520 and [2 CFR 200.207](#)). If a survey instrument is proposed, it will be subject to review and approval by the Office of Management and Budget (OMB). Such review and approval must be obtained prior to the use of the survey instrument. Also, a time element is involved here, which may considerably lengthen the time required for completion of the project proposed. Information collections submitted to OMB under the Paperwork Reduction Act include 60-day and 30-day public comment periods in addition to internal HUD and external OMB reviews. It can take six months or longer to obtain approval for information collection instruments. The collection of data is deemed to be sponsored by HUD only under the conditions indicated below. Collection of data under circumstances other than the four conditions given below is not a sponsored collection and is not subject to the Paperwork Reduction Act:

- a. The grantee represents to respondents that the information is being collected for or in association with HUD (however, this condition is not intended to preclude mention of Federal support in response to an inquiry, or an acknowledgment of Federal assistance in any publication or report on the data); or
- b. The grantee uses the data collection activities to collect information that HUD has requested for the planning, operation, or evaluation of its program; or
- c. The terms and conditions of this grant provide for approval by HUD of the survey design questionnaire content, or data collection procedure; or
- e. The terms and conditions of this grant provide for either submission to HUD of the data for individual respondents or the preparation and submission of tabulations requested by HUD.

15. PATENT RIGHTS (SMALL BUSINESS FIRMS AND NONPROFIT ORGANIZATIONS)

BACKGROUND

37 Part 401 RIGHTS TO INVENTIONS MADE BY NONPROFIT ORGANIZATIONS AND SMALL BUSINESS FIRMS UNDER GOVERNMENT GRANTS, CONTRACTS, AND COOPERATIVE AGREEMENTS states:

“This regulation supersedes OMB Circular A-124 and shall take precedence over any regulations dealing with ownership of inventions made by small businesses and nonprofit organizations which are inconsistent with it. This regulation will be followed by all agencies pending amendment of agency regulations to conform to this part and amended [Chapter 18 of Title 35](#).”

See link at [37 CFR 401](#) for full text of this regulation.

a. Definitions.

- (1) "Invention" means any invention or discovery, which is or may be patentable or otherwise protectable under Title 35 of the United States code.
- (2) "Subject invention" means any invention of the grantee conceived or first actually reduced to practice during the period of grant performance.
- (3) "Practical Application" means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.
- (4) "Made" when used in relation to any invention means the conception or first actual reduction to practice of such invention.
- (5) "Small Business Firm" means a small business concern as defined at Section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.
- (6) "Nonprofit Organization" means a university or other institution of higher education or an organization of the type described in Section 501 (c) (3) of the Internal Revenue Code (25 U.S.C. 501(a)) and exempt from taxation under section 501(a) of the Internal Revenue Code of 1954 (25

U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

b. Allocation of Principal Rights. The grantee may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the grantee retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

c. Invention Disclosure, Election of Title and Filing of Patent Application by Grantee.

(1) The grantee will disclose each subject invention to the Federal Agency within two months after the inventor discloses it in writing to grantee personnel responsible for patent matters. The disclosure to the agency shall be in the form of a written report and shall identify the grant under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publications at the time of disclosure. In addition, after disclosure to the agency, the grantee will promptly notify the agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the grantee.

(2) The grantee will elect in writing whether or not to retain title to any such invention by notifying the Federal agency within two years of disclosure to the Federal agency. However, in any case where publication, on sale or public use has initiated the one- year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The grantee will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The grantee will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may, at the discretion of the agency, be granted.

d. Conditions When the Government May Obtain Title. The grantee will convey to the Federal agency, upon written request, title to any subject invention--

(1) If the grantee fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the agency may only request title within 60 days after learning of the failure of the grantee to disclose or elect within the specified times.

(2) In those countries in which the grantee fails to file patent applications within the times specified in (c) above; provided, however, that if the grantee has filed a patent application in a country after the times specified in (c), above, but prior to its receipt of the written request of the Federal agency, the grantee shall continue to retain title in that country.

(3) In any country in which the grantee decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

e. Minimum Rights to Grantee and Protection of the Grantee's Right to File.

(1) The grantee will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the grantee fails to disclose the invention within the times specified in (c), above. The grantee's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the grantee is a party and includes the right to grant sublicenses of the same scope to the extent the grantee was legally obligated to do so at the time the grant was awarded. The license is transferable only with the approval of the Federal agency except when transferred to the successor of that party of the grantee's business to which the invention pertains.

(2) The grantee's domestic license may be revoked or modified by the funding Federal agency to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR Part 404 and agency licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the grantee has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the funding Federal agency to the extent the grantee, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the funding Federal agency will furnish the grantee a written notice of its intention to revoke or modify the license, and the grantee will be allowed thirty days (or such other time as may be authorized by the funding Federal agency for good cause shown by the grantee) after the notice to show cause why the license should not be

revoked or modified. The grantee has the right to appeal, in accordance with applicable regulations in 37 CFR Part 404 and agency regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

f. Grantee Action to Protect the Government's Interest.

(1) The grantee agrees to execute or to have executed and promptly deliver to the Federal agency all instruments necessary to (i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the grantee elects to retain title, and (ii) convey title to the Federal agency when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The grantee agrees to require, by written agreement, its employees, other than clerical and non-technical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the grantee each subject invention made under agreement in order that the grantee can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by (c)(1), above. The grantee shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The grantee will notify the Federal agency of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The grantee agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under the Grant No. identified in Block 3 of the HUD 1044 awarded by the Department of Housing and Urban Development. The government has certain rights in the invention."

g. Subcontracts.

(1) The grantee will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a small business firm or domestic nonprofit organization. The subcontractor will retain all rights provided for the grantee in this clause, and the grantee will not, as part of the consideration for awarding the subcontract, obtain rights in the subgrantee's subject inventions.

(2) The grantee will include in all other subcontracts, regardless of tier, for experimental developmental or research work the patent rights clause required by FAR 52.227-11.

h. Reporting on Utilization of Subject Inventions. The grantee agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the grantee or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the recipient, and such other data and information as the agency may reasonably specify. The grantee also agrees to provide additional reports as may be requested by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph j. of this clause. As required by 35 U.S.C. 202(c)(5), the agency agrees it will not disclose such information to persons outside the government without permission of the grantee.

i. Preference for United States Industry. Notwithstanding any other provision of this clause, the grantee agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the Federal agency upon a showing by the grantee or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

j. March-in Rights. The grantee agrees that with respect to any subject invention in which it has acquired title, the Federal agency has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the grantee, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the grantee, assignee, or exclusive licensee refuses such a request the Federal agency has the right to grant such a license itself if the Federal agency determines that:

(1) Such action is necessary because the grantee or assignee has not taken or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the grantee, assignee or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the grantee, assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

k. Special Provisions for Grants with Nonprofit Organizations. If the grantee is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the grantee;

(2) The grantee will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the grantee with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the grantee determines that the small business firm has a plan or application for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or application from applicants that are not small business firms; provided, that the grantee is also satisfied that the small business firm has the capability and resources to carry out its plan or application. The decision whether to give a preference in any specific case will be at the discretion of the grantee. However, the grantee agrees that the Secretary may review the grantee's licensing program and decisions regarding small business applicants, and the grantee will negotiate changes to its licensing policies, procedures, or practices with the Secretary when the Secretary's review discloses that the grantee could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

17. DRUG-FREE WORKPLACE (RECIPIENTS OTHER THAN INDIVIDUALS)

- a. By signing this grant agreement, the grantee is providing the certification set out below under 17g.
- b. The certification set out below is a material representation of fact upon which reliance was placed when HUD determined to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

If the grantee did not identify the workplaces at the time of application, or upon award, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- d. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- e. If the workplace identified to HUD changes during the performance of the grant, the grantee shall inform the agency of the change(s).
- f. Definitions of terms in the No Procurement Suspension and Debarment common rule (2 CFR Part 2424) and Drug-Free Workplace common rule apply to this certification.
- g. Certification Regarding Drug-Free Workplace Requirements. Recipients and subrecipients receiving funds from HUD are subject to Drug-Free Workplace requirements as set forth in [2 CFR part 2429](#), which is HUD's implementation of 41 U.S.C. 701, et seq. HUD will no longer authorize the retention and/or use of Excess Funds.** Thirty (30) days prior to the end of the period of performance for each grant, the HUD GTR and GTM will review the grant's financial account of received and approved invoices, and approved budget to determine if all grant funding has been expended in accordance with the negotiated agreement. The grantee is required to maintain appropriate records to support actual expenditures by budget line item of funds used. If funds have not been utilized completely, the grantee must provide the following: a detailed explanation, which explains by budget line item what gave rise to the unused fund balance. This information must be provided to the GTR and GO within thirty days (30) before the end date of the grant performance period. **[See Addendum to the Schedule of Articles for return instructions.]**

No. 107-300) and Part I, Section A of Appendix C to the Office of Management and Budget (OMB) Circular A-123, Requirements for Effective Measurement and Remediation of Improper payments. 28. EXECUTIVE ORDER 14005, ENSURING THE FUTURE IS MADE IN ALL AMERICA BY ALL OF AMERICA'S WORKFORCE

This grant must adhere to Executive Order 14005 made by President Biden on January 25, 2021, to *Ensuring the Future is made in All America by All of America's Workforce*. This Executive Order states:

It is the policy of my Administration that the United States Government should, consistent with applicable law, use terms and conditions of Federal financial assistance awards and Federal procurements to maximize the use of goods, products, and materials produced in, and services offered in, the United States. The United States Government should, whenever possible, procure goods, products, materials, and services from sources that will help American businesses compete in strategic industries and help America's workers thrive. Additionally, to promote an accountable and transparent procurement policy, each agency should vest waiver issuance authority in senior agency leadership, where appropriate and consistent with applicable law.

29. EXECUTIVE ORDERS 13985 and 14091, ADVANCING RACIAL EQUITY AND SUPPORT FOR UNDERSERVED COMMUNITIES THROUGH THE FEDERAL GOVERNMENT

On January 20, 2021, President Biden issued Executive Order 13985 on Advancing Racial Equity and Support for Underserved Communities through the Federal Government. The Executive Order requires the Federal Government to advance equity for all, including communities that have long been underserved, and addressing systemic racism in our Nation's policies and programs.

Consistent with the Executive Order and 2024 amendments to Uniform Grant Requirements for Federal Financial Assistance at 2 CFR 200, the FHIP program aims to use its grantmaking authority to Deliver Equitable Outcomes Through Government Policies, Programs, and

Activities for the purpose of yielding equitable outcomes for all Americans, including underserved communities. The 2024 uniform grant requirements encourage Federal agencies and grantees to conduct community engagement activities and use federal grant funds related to federal awards on eligible public participation and community engagement activities. Important federal priorities include advancing equity and support for underserved communities and improving customer experience. Community engagement helps inform the public, including underserved communities, of federal services and support available to them.

These efforts also support accessible, culturally, and linguistically appropriate outreach. The FHIP program endeavors to create more flexibility, incentives, and guidelines for grantees, allowing them to effectively engage with underserved communities as projects are designed and implemented. The FHIP program also works to identify funding opportunities for community organizations working in and with underserved communities to improve access to benefits and services for members of underserved communities; and identify and address barriers for individuals with disabilities, as well as older adults, to participate in the engagement process, including barriers to the accessibility of physical spaces, virtual platforms, presentations, systems, training, and documents.

30. EXECUTIVE ORDER 14075, ADVANCING EQUALITY FOR LESBIAN, GAY, BISEXUAL, TRANSGENDER, QUEER, AND INTERSEX INDIVIDUALS

On June 15, 2022, President Biden issued Executive Order 13988 on Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation. The Executive Order requires HUD and other federal agencies to combat unlawful discrimination and eliminate disparities that harm LGBTQI+ individuals and their families, defend their rights and safety, and pursue a comprehensive approach to delivering the full promise of equality for LGBTQI+ individuals, consistent with Executive Order 13988 of January 20, 2021 (Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation).

Specifically, HUD and other agencies are directed to provide guidance and technical assistance to HUD grantees and programs on effectively and respectfully serving LGBTQI+ individuals, including youth, and families; develop and provide guidance, sample policies, technical assistance, and training to improve services and outcomes for LGBTQI+ individuals, including youth, and families who are experiencing or are at risk of homelessness, and to ensure compliance with the Fair Housing Act, 42 U.S.C. 3601 et seq., and HUD's 2012 and 2016 Equal Access Rules; and seek funding opportunities, including through the Youth Homelessness Demonstration Program, for culturally appropriate services that address barriers to housing for LGBTQI+ individuals, including youth, and families, and the high rates of LGBTQI+ youth homelessness. The FHIP program and grantees serve LGBTQI+ individuals, youth, and families through FHIP grants – including specifically the Education and Outreach Initiative – Sexual Orientation and Gender Identity (NOFO) grants.

31. EXECUTIVE ORDER 13988, PREVENTING AND COMBATING DISCRIMINATION ON THE BASIS OF GENDER IDENTITY OR SEXUAL ORIENTATION

On January 20, 2021, President Biden issued Executive Order 13988 on *Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation*. The Executive Order follows the Supreme Court's decision in *Bostock v. Clayton County* holding that federal prohibitions against sex discrimination in the workplace extend to and include discrimination on the basis of sexual orientation and gender identity. Relying on this decision, President Biden has directed the federal government to assess and enforce other federal laws that prohibit sex discrimination in the same manner to include sexual orientation and gender identity.

The Department's Fair Housing Initiative Program (FHIP) grantees must carry out their funded activities to also prevent and combat discrimination because of sexual orientation and gender identity, consistent with the Executive Order. FHIP provides funds to public and private not-for-profit entities to conduct activities to prevent or eliminate discriminatory housing practices. These activities provide important support to the full enforcement of the Fair Housing Act by informing the public about fair housing rights and obligations, detecting discriminatory conduct through investigation and testing, and assisting persons to file complaints and obtain relief through legal and administrative forums. HUD will provide technical assistance to FHIP organizations in the implementation of the Executive Order.

32. OTHER ADMINISTRATIVE PROVISIONS

The grantee shall comply with all standard assurances which were executed as part of the application process.

33. EDUCATION AND OUTREACH INITIATIVE (EOI) FUNDS

EOI funding is for education and outreach purposes only. EOI funds may not be used to support FHOI and PEI activities.

34. PRIVATE ENFORCEMENT INITIATIVE (PEI) and FAIR HOUSING ORGANIZATIONS INITIATIVE (FHOI) FUNDS

To assure compliance with appropriations for enforcement-related activities, organizations may perform education and outreach activities limited to only those that support PEI and FHOI grants. Accordingly, there is a 15% cap (e. g., a limit of 15% of the total dollar amount awarded) allowed for education and outreach related activities.

 - ❖ Requests were made **less than 45 days** before the end of the grant performance period.

- ❖ Requests are made solely to expend the balance of fixed-price grant award funds (e.g., all SOW tasks have been completed, but funds remain). In accordance with 2 CFR Part 200.344, Closeout, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be returned to HUD. HUD will no longer authorize the retention and/or use of Excess Funds in accordance with Item 20 – *Excess Funds*, in Attachment A to the Schedule of Articles. See also [2 CFR 200.201](#) for general information on *Use of Grant Agreements (including Fixed-Price Awards), Cooperative Agreement, and Contracts*.
- ❖ Requests fail to provide adequate justification for the reasons an extension is necessary.
- Failure to submit a grant extension within the above-described procedures may result in:
 - ❖ A less than favorable overall assessment of grantee performance through progress reviews/close-out assessments.

Remaining funds, if applicable, being de-obligated.

Attachment G, **Grant Payment Schedule**, will also be revised to reflect any future modifications to the drawdown payment schedule, should changes be necessary due to amendments to the basic grant.

Grant Extensions. Although HUD is authorized to waive, at its option, other cost-related and administrative prior written approvals, such as for one-time extensions of the period of performance for up to 12 months – HUD has not elected to do so, and such extensions continue to require advance approval. See more on grant extensions below.

Refer to the full text of 2 CFR 200.308 for all requirements related to prior approval requirements for Budget and Program revisions.

All other changes to non-construction budgets, except for the changes described in [paragraph \(c\)](#) of 2 CFR 200.308, do not require prior approval.

Termination of Grants

Failure of the Grantee to make reasonable efforts to complete the activities to finalize the project within the timeframes set forth in the SOW may result in the termination of the grant agreement. In this event, no further drawdowns will be made under the terms of the award. Also, complaints by third parties against the Grantee alleging violations of the FHIP statute, regulation, or any of the terms of the grant agreement, will be forwarded to the HUD Director (Grant Officer) for resolution, who will review the allegations and take appropriate action in accordance with 2 CFR 200.339 and §200.340, or another applicable program policy.

All projects must be broad-based (not limited to a single fair housing issue). Although the Grantee's project can have a special focus, **all** FHIP-funded projects **must** address housing discrimination on all bases, i.e., race, color, religion, sex, disability, familial status, and national origin.

IDENTIFICATION OF GRANTEE(S) WORKPLACE(S) – Drug-Free Requirements

All grantees must identify to FHIP staff all known workplaces under the award. The workplace identification must include the actual address of buildings or other sites where work under the award will take place. The applicant must also inform the agency of any workplace changes during the performance of the award. The identification of the workplaces must occur either:

- (1) At the time of application or upon award; or
- (2) In documents the applicant keeps on file in its offices during performance of the award, in which case the applicant must make the information available for inspection upon request by the agency. See:
 - [eCFR : 2 CFR Part 182 -- Governmentwide Requirements for Drug-Free Workplace \(Financial Assistance\)](#); and
 - [eCFR : 2 CFR Part 2429 -- Requirements for Drug-Free Workplace \(Financial Assistance\)](#).

[FOR PEI-FHOI ONLY:

FHIP-funded projects must include the following enforcement related activities in the project application: testing, interviewing potential victims of discrimination, analyzing housing-related issues, conducting mediation, litigation, or referral to administrative enforcement agencies, and disseminating information about fair housing laws.]

FAIR HOUSING AND FREE SPEECH

No grant funds may be used to investigate or prosecute under the Fair Housing Act any otherwise lawful activity engaged in by one or more persons, including the filing or maintaining of a non-frivolous legal action, that is engaged in solely for the purpose of achieving or preventing action by a government official or entity, or a court of competent jurisdiction.

REPORTS, MEETINGS, AND PERFORMANCE MEASURES AND TASKS

Performance Measures: The Grantee must provide quarterly reports as specified by HUD on its performance measures. The Grantee's measures will support HUD's strategic goals and policy priorities. Reports must identify and include milestones and timelines, such as, but not limited to, identifying the tasks completed, providing appropriate information on any seminars, training and/or conferences held, referrals of fair housing complaints to HUD or to the substantially equivalent fair housing enforcement agencies, and any other activity undertaken by the Grantee under the grant. Report success in meeting organization's benchmark output goals and output results, outcomes associated to the achievement of the purposes of the program, as well as the impact that the work has made on the individual assisted, the community, and the

strategic goals of the Department. See <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-D/section-200.301> for information on *Performance Measurement*.

Performance Assessment: Performance per FHIP's NOFO requirements stipulate that if a grantee has received a "Poor" performance rating at the end of the Performance period of their grant, they will be deemed ineligible to apply for a new grant for 12 months (1-year suspension). If the grantee has a current multi-year grant, all funding will be terminated and de-obligated. In order to become eligible to apply for future grants, the grantee must seek technical assistance to improve their performance and if awarded a grant after the suspension, they will be placed on a "High Risk" designation. The length of time and performance requirements for the "High Risk" designation will be determined and negotiated with their HUD designated Grant Officer, GTR and GTM.

Reports: At the conclusion of the grant, the Grantee agrees to describe the status of performance measures in a spreadsheet format or other manner specified by HUD. The Grantee will also report quarterly, in a format determined by HUD (which may be computer generated) on the status of project tasks against the approved milestones and timelines. Reports must include the number and basis of claims/complaints filed with HUD, or in any court, the number and terms of settlements or other outcomes achieved. The terms of the settlements ordered by a court or other tribunal that requires confidentiality need not be reported.

Financial Monitoring and Reporting: The Federal Financial Reports, SF-425, will be prepared and submitted quarterly (4 times a year) during the period of performance for the grant. Based on assessment of the grant performance and for more effective monitoring, more frequent reporting of the SF-425 will be conducted. The reports must reflect accurate, current and complete disclosure of the financial results (Refer to [2 CFR 200.238 Financial Reporting](#) and [2 CFR 200.302 Financial Management](#)). Failure to comply will result in one or more of the following actions (See [2 CFR 200.339 Remedies for Non-Compliance](#) and [2 CFR 200.340 Termination](#)):

- a) Temporarily withhold cash payments pending correction of the deficiency;
- b) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
- c) Wholly or partly suspend or terminate the Federal award;
- d) Initiate suspension or debarment proceedings as authorized under [2 CFR 180 Government-Wide Debarment and Suspension](#) and Federal awarding agency regulations;
- e) Withhold further Federal awards for the project or program;
- f) Terminate the Federal award.

Evaluation Process: Report numerical measures characterizing the results of a program activity, service or intervention and used to measure performance. Outputs must lead to targets for achievement of outcomes. Results must be represented by both the actual number and percent of the goal achieved.

Meetings: Furthermore, the Grantee agrees to meet semi-annually with HUD to ensure that project activities satisfy grant requirements.

Program Deliverables: Grantees are to submit to HUD one electronic copy of all final education and outreach materials to the FHIP Program Division using the HUD approved format as follows:

- Graphics – Vector
- Photos – JPEG
- Video – MPEG4
- Audio – MP3 or above, or WMA
- Text – Word, HTML5
- PDFs – Fully searchable
- Name of grantee organization
- Grant number
- Contact person
- Organization telephone number
- email address
- brief description of the material(s)

PROGRAM EVALUATIONS

Grantee is required to report meaningful data derived from client feedback on how they benefited from the project activities. Accomplishments can be achieved using specific measurement tools to assess the impact of grantee solutions.

CONSULTANTS/SUBCONTRACTORS

The Grantee must obtain advance written approval, provide a detailed budget, and provide resumes/qualifications for subcontractors and consultants fees not to exceed the GS-15 Step 10 daily rate for FY 2023(locality pay will not be included).

WAIVERS

Grantee must provide further justification to the Grant Officer to support the waiver of the daily rate for attorneys' and/or consultants' fees not to exceed the GS-15 Step 10 daily rate for FY 2023.

PUBLICATIONS AND NEWS RELEASES

The Grantee agrees that news releases, publications, studies, or other products involving grant-funded activities will NOT BE RELEASED to the public without prior HUD approval. The Grantee further agrees that it will submit any press release/news announcement, study, and/or other product developed as part of grant-funded activities to the GTR for review and approval at least 2 weeks prior to its release (this will allow time for the GTR to send to the Office of Public Affairs for review and approval for release), unless the HUD agrees in writing to waive the "at least 2 weeks" submission requirement. Publications, flyers and other routine documents

previously approved by the GTR and/or HUD, may be published without further HUD approval. However, audio and video announcements must be submitted to the GTR and the grantee must await approval.

Publication and printing costs are covered in [2 CFR 200.461](#).

NON-DUPLICATION OF PAYMENTS

Neither the Grantee nor any subcontractor(s) may charge HUD, the U.S. Department of Justice, or any other Federal funding source for any activities funded by FHIP.

EXCESS FUNDS

In accordance with [2 CFR 200.344](#), *Closeout*, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be returned to HUD. HUD will no longer authorize the retention and/or use of Excess Funds. Thirty (30) days prior to the end of the period of performance for each grant, the HUD GTR and GTM will review the grant's financial account of received and approved invoices, and approved budget to determine if all grant funding has been expended in accordance with the negotiated agreement. The grantee is required to maintain appropriate records to support actual expenditures by budget line item of funds used. If funds have not been utilized completely, the grantee must provide the following: a detailed explanation, which explains by budget line item what gave rise to the unused fund balance. This information must be provided to the GTR and GO within 30 days before the end date of the grant performance period. (See **Appendix 1 on page 13 for Procedures for returning funds.**)

FRINGE BENEFITS

Per [2 CFR 200.431\(g\)\(6\)\(iii\)](#), *Fringe Benefits*, amounts funded by the non-Federal Entity in excess of the actuarially determined amount for a fiscal year may be used as the non-Federal entity's contribution in future periods. As stated, "may" is an optional decision on the part of the Federal Government. It is the decision of the HUD Program Office not to allow usage of excess fringe benefits to be used as "matching funds."

INDIRECT COST RATE

For grantees that have an approved and current negotiated (final or pre-determined) or provisional rate for indirect costs, the grantee may use the applicable rate to charge indirect costs to the grant. Grantees also have the option to use a De Minimis 10 percent rate if they do have an approved indirect cost rate at the time of award.

Grantees must submit indirect cost rate proposals and audited financial statements each year for their active federal funding no later than six months after the end of their prior fiscal year end (FYE). This is necessary to establish Final Rates based on actual costs for the prior fiscal year. Provisional indirect cost rates are temporary and can be used to charge indirect costs until final

rates are established based on actual costs. If final rates come in less than the provisional rate used to charge the grant, HUD may require the grantee to return the difference or be subject to alternative offsets of grant funds.

- ___ A. - Grantee will develop and submit to HUD an indirect cost proposal within 90 days of the effective date of this award, if this is the grantee's first federal grant or the grantee's previous indirect cost rate has expired.
- ___ B. - Grantee's proposed indirect cost rate of _____ % of the total direct labor and fringe benefits or other base (_____) has been approved for billing purposes for this grant pending the negotiation of a provisional or other type of indirect cost rate with HUD.
- ___ C. - Certain indirect-type costs have been included as direct costs pending the negotiation of a final, pre-determined, provisional, or other type of indirect cost rate with HUD.
- ___ D. - Grantee's currently negotiated provisional indirect cost rate of _____ % of total labor and fringe benefits or other base (specify _____) has been approved pending negotiation of a final indirect cost rate with HUD.
- ___ E. Other (_____).

See [2 CFR 200.414](#) for more information on indirect cost rates. Some federal agencies have indirect cost rate guidance available on-line. The Department of Labor has an indirect cost rate guide posted at [A Guide for Indirect Cost Rate Determination \(dol.gov\)](#).

FINANCIAL AUDITS/AUDIT COSTS

A Grantee that expends \$750,000 or more in a year in total Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of [2 CFR 200.501](#) and [2 CFR 200.514](#) of 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards".

A Grantee that expends less than \$750,000 a year in Federal awards is exempt from Federal audit requirements for that year, except where HUD, the Inspector General, or the General Accounting Office (GAO) conducts or arranges for additional audits (e.g., financial audits, performance audits, evaluations, inspections, or reviews). 2 CFR Part 200 does not limit the authority of Federal agencies (including their Inspectors General or GAO) to conduct or arrange for additional audits, nor authorize any auditor to constrain Federal agencies from carrying out additional audits. Any additional audits shall be planned and performed in such a way as to build upon the work performed by other auditors. A Federal agency that conducts or contracts for additional audits shall, consistent with other applicable laws and regulations, arrange for funding the full cost of such additional audits.

For a Grantee expending \$750,000 or more in a year in Federal awards, the cost of audits made in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, are allowable charges to Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with the provisions of applicable 2 CFR Part 200, Subpart E - Cost Principles, the Federal Acquisition Regulations (FAR) (48 CFR parts 30 and 31), or other applicable cost principles or regulations.

A Grantee shall not charge to a Federal award the cost of any audit under the Single Audit Act not conducted in accordance with 2 CFR Part 200, or the cost of auditing a Grantee which had Federal awards expended of less than \$750,000 per year and is thereby exempted from having an audit conducted under the provisions of 2 CFR Part 200.

The only exemption to the OMB Circular A-133 is that pass-through entities may charge Federal awards for the cost of agreed-upon-procedures engagements to monitor subrecipients who are exempted from the requirements of the Single Audit Act and Subpart F—Audit Requirements of this 2 CFR Part 200.

PROGRAM INCOME

Program Income Earned During Period of Performance. In accordance with 2 CFR § 200.307, a non-Federal entity grantee who receives program income from fees for services, settlements, conciliations, and agreements directly generated by a grant supported activity or earned only as a result of the grant agreement during the grant period of performance, must use these funds in support of the grant's current costs and/or on fair housing activities in support of the current grant. The grantee is required to maintain appropriate records to support actual expenditures by budget line item of funds used. In order to use these funds the grantee must provide the following: (1) a detailed explanation, which explains what gave rise to the program income, provided to the Government Technical Representative and the Grant Officer within thirty days (30) before the end date of the grant period of performance; and (2) the grantee must submit a request to the Grant Officer outlining the planned use of the program income and receive the Grant Officer's approval of this request prior to use of the funds. Additionally, if the grantee wishes to use these funds to offset increased indirect costs, the grantee must request such approval from the Grant Officer within thirty days (30) before the end date of the grant period of performance.

Return of Unused Program Income. If the grantee cannot and does not use the program income to support the grant's current costs and/or on fair housing activities in support of the grant, then in accordance with 2 CFR 200.307 the funds must be returned to HUD to reduce the federal award and/or defray program costs. [See Appendix 1 to the Addendum (B) to the Schedule of Articles for return instructions.]

Income Earned After Period of Performance. Income received after the end of the grant period of performance is not program income. This income should be used by the grantee conduct activities to affirmatively further fair housing.

As stated above, the use of funds for this purpose must be pre-approved in writing by the GTR assigned to the grant ([2 CFR 200.407](#)). All funds that have not been utilized in support of grant activities will be returned to HUD. (See Appendix 1 for Procedures on returning funds and [2 CFR 200.346 on Collection of Debts](#).) (See Schedule of Articles for additional instructions.)

CONFLICT OF INTEREST

The Grantee agrees to certify it will not solicit funds from or seek to provide fair housing educational or other services or products for compensation, directly or indirectly, to any person or organization which has been the subject of FHIP-funded testing by the Grantee in the past 12 months following testing by the Grantee. (*See Appendix 2 for Conflict of Interest Policy forms.*)

POTENTIAL CONFLICT OF ORGANIZATIONAL INTEREST

FHIP defines a sponsor as an organization that applies for a grant on behalf of an organization that may not be eligible to apply directly to FHIP for a grant. Such an organization may also be called a “pass-through” organization. The sponsored organization, also called the sub-recipient, will carry out the work of the project under the oversight of the sponsoring organization for a period as specified under the grant agreement. Pass-through/sub-recipients must be empowered as follows:

- To contract or otherwise conduct the activities under the grant agreement;
- Have the financial resources, the necessary experience, organization, technical qualifications, and facilities; or a firm commitment or ability to obtain such; and
- Have a financial management system which provides efficient and effective accountability and control of all property, funds, and assets sufficient to meet grantee needs and grantee audit requirements.

Private non-profit agencies must be properly incorporated as a non-profit organization with an elected and autonomous board (separate from the “Sponsor”) which meets regularly.

Provisions of 2 CFR 200 applicable to conflict of interests, pass-through entity (PTE), sponsors, and sub-recipients include, but are not limited to:

- a. 2 CFR Part 200.1 (*Definitions*) – [2 CFR 200.1](#).

“non-Federal entity”, “non-profit organization” “pass-through entity”, “recipient”, “sub-award”, “sub-recipient.”

- b. 2 CFR Part 200.101 (*Applicability to different types of Federal awards*) – [2 CFR 200.101](#).

Table 1 to paragraph b describes the following:

“...what portions of this part apply to which types of Federal awards. The terms and conditions of Federal awards (including this part) flow down to subawards to

subrecipients unless a particular section of this part or the terms and conditions of the Federal award specifically indicate otherwise. This means that non-Federal entities must comply with requirements in this part regardless of whether the non-Federal entity is a recipient or subrecipient of a Federal award. Pass-through entities must comply with the requirements described in [subpart D of this part](#), §§ [200.331](#) through [200.333](#), but not any requirements in this part directed towards Federal awarding agencies unless the requirements of this part or the terms and conditions of the Federal award indicate otherwise.”

c. 2 CFR Part 200.112 (*Conflict of Interest*) – [2 CFR 200.112](#).

“The Federal awarding agency must establish conflict of interest policies for Federal awards. The non-Federal entity must disclose in writing any potential conflict of interest to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy.”

- d. 2 CFR Part 200.331-332 (*Subrecipient and Contractor Determinations and Requirements for pass-through entities, a-h*) [2 CFR 200.331](#) and [2 CFR 200.332](#).
- e. 2 CFR Subpart D (*Post Federal Award Requirements*) [2 CFR 200 subpart D](#).
- f. Appendix IV to Part 200 – (*Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations*) [Appendix IV to Part 200](#).

CONTINUITY OF OPERATIONS (COOP) PLAN

The Grantee will develop a COOP Plan. This Plan will enable an agency to continue essential functions and services when normal operations are disabled due to disaster or events that take the agency offline. The COOP Plan is the agency’s blueprint for internal operations in the event of a disaster. The original Plan and all updates will be provided to the HUD Director (Grant Officer).

TESTERS [FOR PEI-FHOI ONLY]

All grantees that propose testing must review the FHIP Regulation at [24 CFR 125.107](#) (*Testers*) and reflect these requirements in their application as well as be a Qualified Fair Housing Enforcement Organization or a Fair Housing Enforcement Organization. Costs for any background checks are an allowable expenditure. Refer to HUD’s publication of a [Final Rule](#) (*Expanding the pool of fair housing testers for FHIP and FHAP Funded Entities*) for further information regarding FHIP testers.

LENDER/INSURANCE TESTER TRAINING FEES [FOR PEI-FHOI ONLY]

A \$75/day rate for 2 days (\$150 maximum) has been approved for lender/insurance tester training fees. Grantee must provide documentation to the GTR during the term of this award that

each tester completing the training has conducted a minimum of two tests or provide reasonable justification for the inability of any tester to meet this requirement.

The Grantee agrees to include the following language in the agreement entered into with lending/insurance testers:

"I have completed lender and/or insurance tester training provided by _____.* It is my intention to make myself reasonably available when requested to conduct tests during the next _____.**"

*Insert Grantee name.

**Insert grant duration or number of months testing will occur during grant.

APPROVAL OF TESTING METHODOLOGY AND TESTER TRAINING [FOR PEI-FHOI ONLY]

For all testing other than rental or accessibility testing, the Grantee agrees to submit to the GTR for review and approval the testing methodology and tester training to be used in tests funded under the grant. The methodology and training are tasks under the SOW and no payment for tests will be authorized until they receive HUD review and approval. The documents which must be submitted for review are the testing manual, the tester training manual and all testing materials, including the blank test book. The methodology must include a general description of the procedures for testing, including any plans for multi-variable testing and the reasons for such testing [when is a test used, when is further investigation appropriate, and an estimate of the numbers of tests and test types (sales, insurance, lending, etc.)]; the basis or protected class of tests to be conducted (e.g., race, religion, familial status, etc.); the criteria for selecting testers for each type of test to be conducted; areas of tester training to be provided to testers under the grant; criteria for selecting subjects of the tests; factors to be examined in analyzing test results; and, types of actions that may be taken based on test results.

The testing methodologies and procedures will be protected to the extent that any information is proprietary, confidential, a trade secret, copyrighted, patented subject to trademark restrictions, or in any other way inappropriate for disclosure. The Grantee as originator of the information will make this initial determination and will conspicuously notify HUD that the information is subject to a specific protection against disclosure by a method reasonably calculated to give adequate notice. To the extent that the information is requested via the Freedom of Information Act (FOIA), the Privacy Act, or any other legal mechanism, HUD legal counsel will review, and base any determination concerning the release of the information on the recommendation of the grantee in accordance with submitter notice requirements.

GRANTEE/TESTER ECONOMIC INTERESTS [FOR PEI-FHOI ONLY]

Grantee agrees that it and testers will not have an economic interest in the outcome of any test, directly or indirectly, without prejudice to the right of any person or entity to recover damages for any cognizable injury. Furthermore, the Grantee nor any of its personnel, testers and the organizations conducting tests, when different from the Grantee, may not (1) be a relative by adoption, blood, or marriage of any party in a case, (2) have had any employment or other

affiliation, within 1 year before or after the test, with the person or organization to be tested, or (3) be a licensed competitor of the person or organization to be tested in the listing, rental, sale, or financing of real estate.

RETALIATION - TARGETING NON-COMPLAINT BASED TESTS [FOR PEI-FHOI ONLY]

The Grantee agrees that refusal by a person or organization to enter into an agreement that brings economic benefit to the Grantee may not be used as a criterion for targeting non-complaint based testing.

REPORTS ON ENFORCEMENT ACTIVITIES [FOR PEI-FHOI ONLY]

The Grantee agrees to provide reports in a format (which may be computer generated), at a frequency and with contents specified by HUD. The report must include the number and basis of claims/complaints filed with HUD or in Federal/State court, the number and terms of settlements or other outcomes achieved, unless confidential.

ENFORCEMENT LOG/FORMAT [FOR PEI-FHOI ONLY]

A Grantee must complete an enforcement log for all allegations of discrimination under the Fair Housing Act received by the Grantee under this award. This log must be submitted in accordance with provisions of the approved SOW. The log will be protected to the extent that any of that information is proprietary, confidential, a trade secret, copyrighted, patented subject to trademark restrictions, or in any other way inappropriate for disclosure. The Grantee as originator of the information will make this initial determination and will conspicuously notify HUD that the information is subject to a specific protection against disclosure by a method reasonably calculated to give adequate notice. To the extent that the information is requested via the FOI, the Privacy Act, or any other legal mechanism, HUD legal counsel will review, and base any determination concerning the release of the information on the recommendation of the Grantee in accordance with submitter notice requirements.

APPENDIX 1

PROCEDURES FOR PROCESSING THE RETURN OF GRANT FUNDS TO THE U.S. DEPARTMENT OF TREASURY

In accordance with [2 CFR 200.344](#)- *Closeout*, the non-Federal entity must promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that is not authorized to be retained by the non-Federal entity for use in other projects. **ALL** funds that have not been utilized in support of grant activities will be returned to HUD. HUD will no longer authorize the retention and/or use of Excess Funds. Thirty (30) days prior to the end of the period of performance for each grant, the HUD GTR and GTM will review the grant's financial account of received and approved invoices, and approved budget to determine if all grant funding has been expended in accordance with the negotiated agreement. The grantee is required to maintain appropriate records to support actual expenditures by budget line item of funds used. If funds have not been utilized completely, the grantee must provide the following: a detailed explanation, which explains by budget line item what gave rise to the unused fund balance. This information must be provided to the GTR and GO within 30 days before the end date of the grant performance period.

The following are the required procedures for the grantee and HUD personnel to use to document and return funds back to the U.S. Department of Treasury:

- A. Grantee will write a check to the U.S. Department of Treasury for the amount of funds being returned and a brief cover letter regarding the returned funding addressed to the HUD point of contact (POC) (Regional Director/GO, GTR, or GTM). The check and correspondence will be sent to the HUD POC.
- B. The HUD POC will mail the check and correspondence to the HUD lockbox at the following address:

U.S. Department of Housing and Urban Development
 US Bank
 PO Box 6200-05
 Portland, OR 97228-6200

APPENDIX 2

**THE FOLLOWING ARE EXAMPLES YOU CAN USE –
NOT REQUIRED TO USE THIS FORMAT**

[Name of organization and address]

CONFLICT OF INTEREST POLICY

SECTION 1. PURPOSE:

_____ is a nonprofit, tax-exempt organization. Maintenance of its tax-exempt status is important both for its continued financial stability and for public support. Therefore, the IRS as well as state regulatory and tax officials view the operations of _____ as a public trust, which is subject to scrutiny by and accountable to such governmental authorities as well as to members of the public.

Consequently, there exists between _____ and its board, officers, and management employees and the public a fiduciary duty, which carries with it a broad and unbending duty of loyalty and fidelity. The board, officers, and management employees have the responsibility of administering the affairs of _____ honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of _____. Those persons shall exercise the utmost good faith in all transactions involved in their duties, and they shall not use their positions with _____ or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions.

SECTION 2. PERSONS CONCERNED:

This statement is directed not only to directors and officers, but to all employees who can influence the actions of _____. For example, this would include all who make purchasing decisions, all persons who might be described as "management personnel," and anyone who has proprietary information concerning _____.

SECTION 3. AREAS IN WHICH CONFLICT MAY ARISE:

Conflicts of interest may arise in the relations of directors, officers, and management employees with any of the following third parties:

1. Persons and firms supplying goods and services to _____.
2. Persons and firms from whom _____ leases property and equipment.
3. Persons and firms with whom _____ is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities, or other property.
4. Competing or affinity organizations.
5. Donors and others supporting _____.

6. Agencies, organizations, and associations which affect the operations of _____.
7. Family members, friends, and other employees.

SECTION 4. NATURE OF CONFLICTING INTEREST:

A conflicting interest may be defined as an interest, direct or indirect, with any persons or firms mentioned in Section 3. Such an interest might arise through:

1. Owning stock or holding debt or other proprietary interests in any third party dealing with _____.
2. Holding office, serving on the board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with _____.
3. Receiving remuneration for services with respect to individual transactions involving _____.
4. Using _____'s time, personnel, equipment, supplies, or good will for other than _____-approved activities, programs, and purposes.
5. Receiving personal gifts or loans from third parties dealing or competing with _____. Receipt of any gift is disapproved except gifts of a value less than \$50, which could not be refused without courtesy. No personal gift of money must ever be accepted.

SECTION 5. INTERPRETATION OF THIS STATEMENT OF POLICY:

The areas of conflicting interest listed in Section 3, and the relations in those areas which may give rise to conflict, as listed in Section 4, are not exhaustive. Conflicts might arise in other areas or through other relations. It is assumed that the directors, officers, and management employees will recognize such areas and relation by analogy.

The fact that one of the interests described in Section 4 exists does not necessarily mean that a conflict exists, or that the conflict, if it exists, is material enough to be of practical importance, or if material, that upon full disclosure of all relevant facts and circumstances it is necessarily adverse to the interests of _____.

However, it is the policy of the board that the existence of any of the interests described in Section 4 shall be disclosed before any transaction is consummated. It shall be the continuing responsibility of the board, officers, and management employees to scrutinize their transactions and outside business interests and relationships for potential conflicts and to immediately make such disclosures.

SECTION 6. DISCLOSURE POLICY AND PROCEDURE:

Transactions with parties with whom a conflicting interest exists may be undertaken only if all of the following are observed:

1. The conflicting interest is fully disclosed;
2. The person with the conflict of interest is excluded from the discussion and approval of such transaction;
3. A competitive bid or comparable valuation exists; and
4. The [board or a duly constituted committee thereof] has determined that the transaction is in the best interest of the organization.

Disclosure in the organization must be made to the chief executive officer (or if she or he is the one with the conflict, then to the board chair), who shall bring the matter to the attention of the [board or a duly constituted committee thereof].
